

# KITCHEN RULES

## I can:

- always wash and dry my hands before preparing food, including after going to the toilet, harvesting produce from the garden, or touching my hair, face, etc
- remember to keep the noise level down
- always wear shoes
- make sure long hair is tied up
- remember that I DO NOT use a knife unless I have permission and an adult is present
- put everything away on the clean benchtop
- use tea towels for drying dishes and sponges for wiping benches
- use paper towel or a mop on the floor
- never use a sponge or tea towel on the floor
- clean up my mess – “Refer Jobs To Do”

The kitchen is not a playground – for it to be a fun environment it must be a safe environment.
